

Proposal presentation

- 1-Be confident about the quality of your question (don't apologize)-specify the question
- 2-Make eye contact (don't read from your notes)
- 3-Use visual aids (draw on the board)
- 4- Make sure your throat is clear (no phlegm)
- 5-Avoid saying "like"
- 6-Avoid having your voice go up at the end of a sentence (unless it's a question)

Research presentation

- 1-Be confident
- 2-Practice presentation
- 3-Do not read from ppt
- 4-No filler words (um, like, ya know...)
- 5-Don't be nervous. Picture audience in underwear
- 6-Visual aids!
- 7-Be clear about questions, hypotheses, dependent and independent variables
