

# BENNINGTON COLLEGE

## Committee On Research With Human Participants

### Faculty Research Advisor Signature Form

This form serves as the cover sheet for student proposals for research, including senior theses, senior projects, and individual and group tutorials, that require approval from the Committee on Research With Human Participants. The signature of the faculty member overseeing the student's undertaking of a research project below serves as an indication that the faculty member is a willing sponsor of the research, agrees to oversee the research in its entirety, agrees that the proposal satisfies DHHS and NIH requirements for the Ethical Treatment of Human Research Participants, and believes that the student has addressed, to the best of their ability, the elements required in proposals as detailed in the Committee on Research With Human Participants guidelines.
