On November 10, 2016 Liam McRae and Cleo Zars distributed flyers about the project to Powers Market, Hair and Now, and TDS Architects on Main St, North Bennington. In addition they distributed flyers at residences on both sides of Sage St.

Eloise Hess and Sarah Shames also distributed flyers to residents on West Street, residents on Prospect Street, and Pangea. They spoke with three people who seemed interested in the project. One resident had concerns about the visibility of the turbine and the impact it would have on their view.
